

How do I access my school email?

Teachers will communicate with learners via their school email account - this is the email account that has been set up when you first started at Whangaparaoa College.

The teachers are **only** emailing your school email account – they are not emailing any personal gmail or any other email accounts.

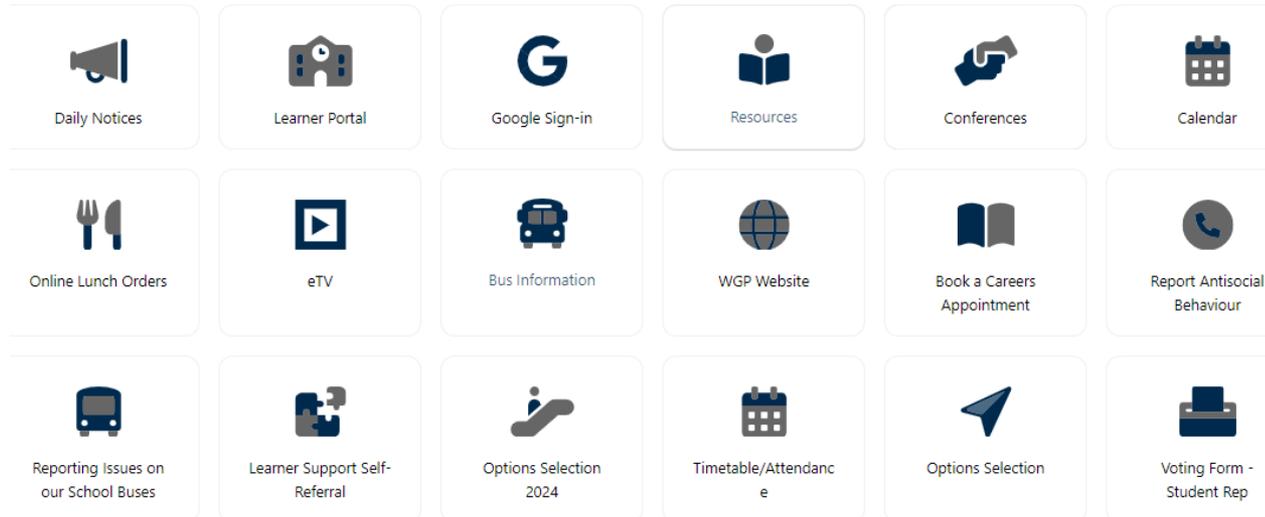

To check your school email account go to <http://outlook.com/owa/wgpcollege.school.nz> signing in with your school username (firstname.lastname) and password.

The learner should know their school password as they use this every day. If they have forgotten this you can request by emailing ICT@wgpcollege.school.nz

Go into <https://wgpcollege.bridge.school.nz/>

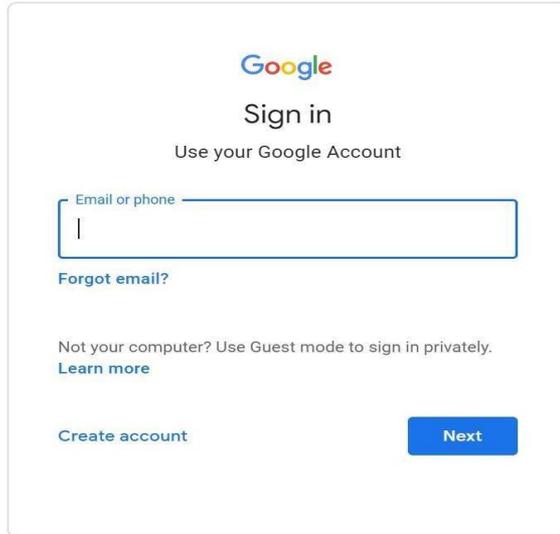

Log in using the Google button and your school e-mail. Then go to the “Google Sign-in” icon and click on “Webmail” from the dropdown then sign in using your school username and password.
